

How good is this merged ontology?

Samira Babalou, Elena Grygorova, Birgitta König-Ries

Heinz-Nixdorf Chair for Distributed Information Systems
Institute for Computer Science, Friedrich Schiller University Jena, Germany
{samira.babalou,elena.grygorova,birgitta.koenig-ries}@uni-jena.de

Structural

Evaluating Generic Merge Requirements (GMR)s
e.g., acyclicity, entity coverage, redundancy

Ontology Merging Evaluation

Usability

Analyzing the ontology and entity annotation

Function

Analyzing the intended use and semantics
through Competency Questions and Queries
